

PURINOZ

Nasal Aspirator (Beetle Style) BN-508

The soft silicone nose cleaner can ease user's worry and protect baby's nasal mucosa

1. Nozzle and bulb syringe are made from non-toxic silicone and can withstand high temperatures.
2. Nozzle is made of soft silicone to avoid hurting baby's nasal mucosa.
3. Allow user to hold tightly due to its moderate size.
4. Press the bulb syringe from the bottom.
